

Simple Checkout. Smarter Inventory. Higher Profits.

Meet Bodega Ai—a modern POS system designed for convenience stores, pet-supply businesses, and deli and butcher shops.

High-SKU stores move fast. Bodega Ai works faster. Take control with a POS system that simplifies your workday.

Set Up Inventory Faster

Import your inventory list, or scan your products and Bodega Ai pulls product details from an extensive database, auto-populating UPCs, product descriptions, EBT eligibility, and suggested pricing.

Runs in 14+ Languages

Serve customers in their language, train staff faster, reduce counter mistakes.

Stay One Step Ahead with AI

Bodega Ai delivers inventory recommendations and local trend insights to help you keep your store competitive and profitable.

Save on Processing Costs

Increase margins with compliant dual-pricing through ConsumerChoice or surcharging through RewardPay Choice.

Keep Checkout Flowing

When the line is out the door, Bodega Ai keeps your business moving with cloud POS with offline mode, fast checkout, and durable hardware.

Stay Connected to Your Store

Track sales, review reports, adjust discounts, and monitor multiple locations using the mobile app or web portal. Your store is always at your fingertips.
